One Partner. Complete Business Solutions.

UGETMORE SOLUTIONS is the commercial trading and procurement subsidiary of **UGETMORE GROUP**, providing comprehensive workplace, technology and procurement solutions to organisations across South Africa.

We understand that modern organisations require a wide range of products and services to operate effectively. Managing numerous suppliers can increase administrative workloads, complicate procurement processes and make cost management more difficult.

UGETMORE SOLUTIONS simplifies this process by providing clients with access to multiple product and service categories through **one trusted procurement partner**.

From everyday office stationery and furniture to technology hardware, corporate clothing, printing, branding and IT support, our objective is to provide reliable solutions tailored to each client's operational requirements.

Who We Serve

Our solutions are suitable for:

- Government Departments
- Municipalities and Public Entities
- Corporate Companies
- Mining Companies
- Schools and Universities
- Healthcare Institutions
- NGOs and Non-Profit Organisations
- Small and Medium Enterprises
- Professional Organisations

Our Value Proposition

One Supplier. Multiple Solutions. Better Procurement.

"One partner for everything your business needs to thrive."

OUR DNA

EMPIRE Values

Our values define who we are and guide everything we do. They are the foundation of our culture and the compass for our growth.

Our Vision

To become a leading South African business solutions and procurement partner recognised for reliability, innovation, service excellence and the ability to provide comprehensive solutions under **one trusted brand.**

Our Mission

To simplify procurement and business operations by providing organisations with quality products, responsive service and integrated workplace and technology solutions tailored to their requirements.

Our Core Values

E — **Excellence with Purpose**
We deliver quality that creates meaningful impact.

M — **More Together**
We grow by building strong relationships.

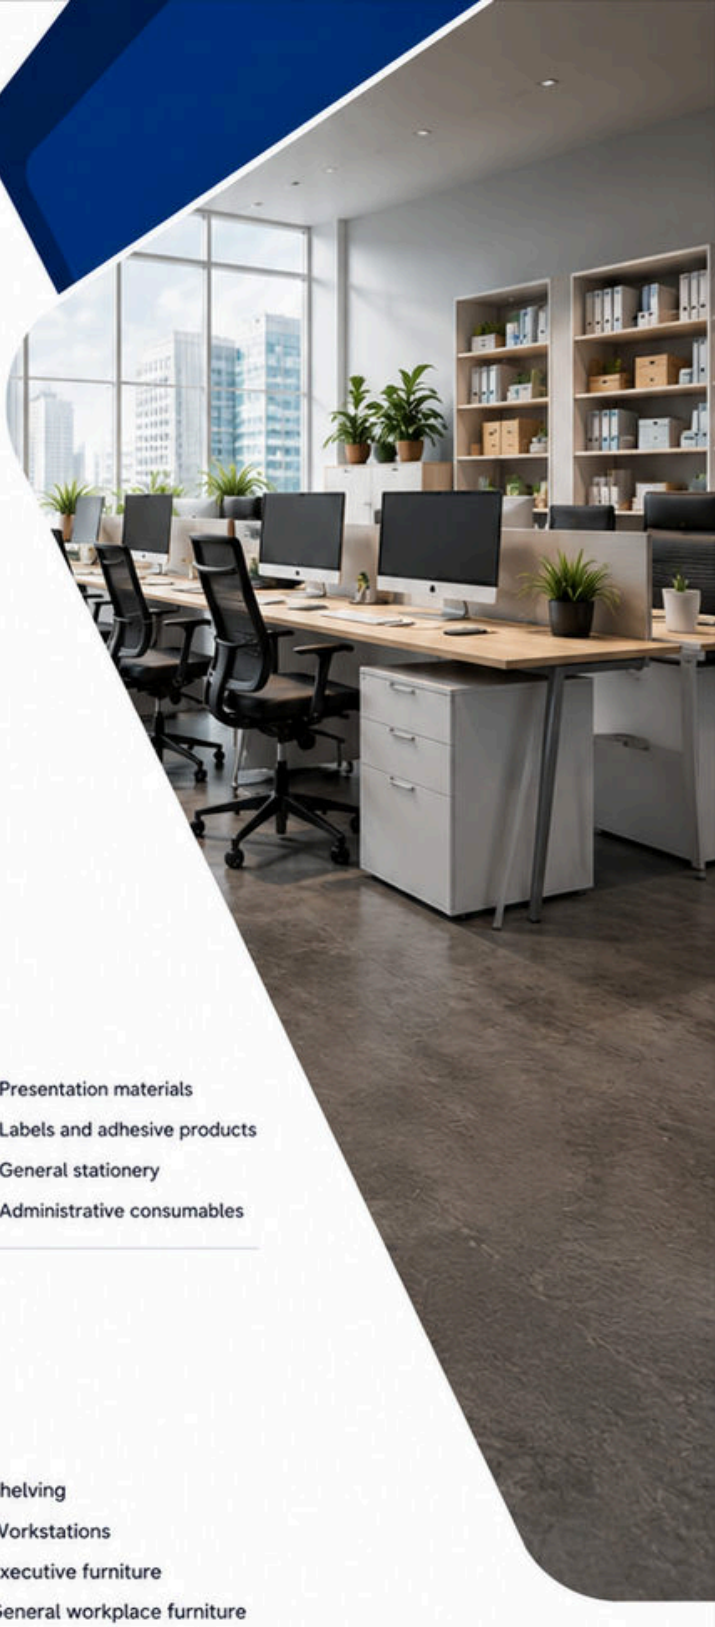

P — **People First**
Our people, clients and communities come first.

I — **Integrity in Action**
We do what's right with transparency and accountability.

R — **Resilience in Growth**
We embrace challenges and turn them into opportunities.

E — **Empowerment through Innovation**
We create smarter solutions that empower progress.

Everything Your Workplace Needs

A productive workplace requires the right equipment, supplies and environment.

UGETMORE SOLUTIONS provides a comprehensive selection of office and workplace products, allowing organisations to consolidate their everyday procurement requirements through a single supplier.

Office Stationery

We supply everyday stationery and administrative products required by organisations of all sizes.

Our offering includes:

- Writing instruments
- Paper products
- Files and folders
- Filing and archiving products
- Notebooks and diaries
- Desk accessories
- Presentation materials
- Labels and adhesive products
- General stationery
- Administrative consumables

Office Furniture

We provide functional workplace furniture suitable for offices, boardrooms, reception areas and other professional environments.

Products may include:

- Office desks
- Office chairs
- Boardroom tables
- Reception furniture
- Filing cabinets
- Storage solutions
- Shelving
- Workstations
- Executive furniture
- General workplace furniture

Office Groceries & Consumables

UGETMORE SOLUTIONS can also assist organisations with everyday workplace consumables, including refreshments, cleaning-related supplies and other operational necessities.

Simplified Procurement

Instead of managing numerous suppliers for everyday workplace requirements, clients can consolidate their procurement through **UGETMORE SOLUTIONS**.

Put Your Brand to Work

Your brand should remain consistent across every customer and employee touchpoint.

UGETMORE SOLUTIONS provides corporate clothing, promotional products, printing and branding solutions designed to help organisations maintain a professional and recognisable brand presence.

Corporate Clothing

We supply a variety of corporate and branded clothing solutions, including:

- Corporate shirts
- Golf shirts
- T-shirts
- Jackets
- Workwear
- Protective clothing
- Caps and headwear
- Uniforms
- Branded apparel

Promotional Products

Promotional merchandise provides organisations with an effective way to strengthen brand visibility.

Products can include:

- Branded pens
- Notebooks
- Bottles and mugs
- Bags
- Corporate gifts
- Promotional merchandise
- Event items
- Branded accessories

Printing Solutions

Our printing capabilities support organisations with a wide range of professional materials, including:

- Business cards
- Flyers
- Brochures
- Posters
- Banners
- Corporate stationery
- Presentation materials
- Promotional material
- Branded documents
- Signage requirements

Complete Brand Support

From employee clothing to promotional campaigns and printed corporate materials, we help organisations present their brands professionally and consistently.

Technology That Keeps Business Moving

Technology has become fundamental to almost every modern organisation.

UGETMORE SOLUTIONS provides technology hardware and IT equipment designed to support productive, connected and efficient workplaces.

Computers & Laptops

We assist clients with sourcing suitable computing equipment according to their operational requirements.

Our offering may include:

- Desktop computers
- Business laptops
- Monitors
- Workstations
- Computer peripherals
- Keyboards and mice
- Storage devices
- Computer accessories

Printers & Consumables

We supply printing equipment and related consumables for organisations of varying sizes.

Solutions include:

- Desktop printers
- Multifunction printers
- Printing equipment
- Toner cartridges
- Ink cartridges
- Printing accessories
- Related consumables

IT Accessories

We provide essential accessories required for modern business environments, including:

- Cables and adapters
- External storage
- Chargers
- Docking solutions
- Headsets
- Webcams
- Computer accessories
- Connectivity products

Technology Procurement

Our team helps organisations consolidate technology procurement while identifying equipment appropriate to their business requirements and budgets.

Connecting Your Business

Technology is most effective when hardware, connectivity, software and support work together.

UGETMORE SOLUTIONS provides integrated IT solutions that help organisations maintain productive and connected working environments.

Networking Equipment

We supply networking products and infrastructure components including:

- Routers
- Network switches
- Wireless access points
- Network cabling
- Connectivity equipment
- Network accessories
- Related infrastructure components

Software Solutions

We assist organisations with sourcing software solutions required for everyday operations.

Depending on client requirements, solutions may support:

- Business productivity
- Communication
- Security
- Administration
- Data management
- Operational efficiency

IT Support Services

Our IT support capabilities are designed to help clients resolve technical issues and maintain effective technology environments.

Services may include:

- Hardware support
- Software assistance
- Device configuration
- Troubleshooting
- Network support
- General IT assistance
- Technology maintenance

Integrated Technology Solutions

Our objective is not simply to supply equipment.

We aim to understand the client's requirements and provide a practical combination of **hardware, software, networking and support** that helps their organisation operate effectively.

Making Procurement Simpler

Procurement can become unnecessarily complex when organisations rely on numerous suppliers for different categories of products.

UGETMORE SOLUTIONS provides an integrated procurement model designed to simplify sourcing and supply.

Our Procurement Approach

1 **Understand the Requirement**
We identify the client's product, quantity, specification, delivery and operational requirements.

2 **Source the Solution**
Our team sources appropriate products through our supplier network.

3 **Competitive Quotation**
Clients receive a structured quotation based on their specific requirements.

4 **Procurement & Coordination**
Once approved, we coordinate procurement and supplier requirements.

5 **Delivery**
Products are prepared and delivered according to the agreed requirements.

6 **Ongoing Support**
We remain available for repeat procurement requirements and additional solutions.

Why Consolidate Procurement?

Working with an integrated procurement partner can help organisations:

- Reduce supplier administration
- Simplify purchasing
- Improve procurement coordination
- Consolidate multiple product categories
- Save internal procurement time
- Maintain consistency
- Improve supplier accountability

From Everyday Supplies to Technology

Whether the requirement is stationery for an office, computers for a new department, branded clothing for employees or equipment for a new facility, **UGETMORE SOLUTIONS** provides one central point of contact.

Your Trusted Procurement Partner

UGETMORE SOLUTIONS combines diverse product categories with responsive service and an understanding of organisational procurement requirements.

Why Partner With Us?

One-Stop Solution
Access office products, furniture, technology, printing, branding, clothing and other business requirements through one supplier.

Public & Private Sector Capability
Our solutions are structured to serve both government and private-sector organisations.

Broad Product Offering
Our diverse product categories allow clients to consolidate procurement requirements.

Technology Expertise
From computers and printers to networking, software and support, we provide technology solutions for modern organisations.

Flexible Procurement
We can assist with everyday operational requirements as well as larger once-off procurement needs.

Responsive Service
We understand that efficient communication and dependable service are critical to procurement.

Quality Focus
We aim to source reliable products that provide appropriate value and functionality.

Long-Term Partnerships
Our goal is to become more than a supplier. We aim to become a dependable business solutions partner to our clients.

Our Target Markets

Government
Departments, municipalities and public-sector institutions.

Corporate
Businesses requiring centralised workplace procurement.

Mining
Operational, office and technology requirements.

Education
Schools, colleges, universities and training institutions.

Healthcare
Administrative and workplace solutions for healthcare organisations.

SMEs & NGOs
Flexible procurement solutions for growing and community-focused organisations.

Everything Your Organisation Needs.
One Trusted Partner.

UGETMORE SOLUTIONS

More Than a Supplier. A Business Partner.

At **UGETMORE SOLUTIONS**, successful procurement is about more than supplying products. It is about understanding our clients, responding efficiently and providing solutions that support their day-to-day operations.

Our approach is built around dependable service, clear communication and long-term business relationships.

Understanding Your Requirements

Every organisation operates differently.
We take the time to understand the products, specifications, quantities, budgets and delivery requirements of each client before recommending an appropriate solution.

Responsive Communication

Efficient procurement depends on communication.
Our team aims to respond promptly to enquiries, quotation requests and procurement requirements while keeping clients informed throughout the process.

Reliable Sourcing

Through our supplier network, we source products across multiple categories while considering:

- Product quality
- Availability
- Specification requirements
- Practical functionality
- Competitive value
- Delivery requirements

Flexible Solutions

From a single product requirement to larger multi-category procurement requests, our approach allows us to support organisations with requirements of different sizes and complexity.

Consistent Support

Our relationship with a client does not end when an order is delivered.
We aim to remain a dependable point of contact for repeat orders, additional requirements and future procurement needs.

Building Long-Term Partnerships

Our objective is to develop lasting relationships with organisations that value reliability, professionalism and responsive service.

Your Requirements.
Our Commitment.
One Reliable Partner.

Solutions for Organisations Across South Africa.

UGETMORE SOLUTIONS serves organisations operating across a diverse range of industries and sectors.

Our broad product offering allows us to respond to different operational environments — from everyday office and technology requirements to larger, multi-category procurement needs.

GOVERNMENT & PUBLIC SECTOR

Supporting government departments, municipalities and public entities with workplace products, technology, furniture, printing, branding and general procurement requirements.

CORPORATE & PROFESSIONAL SERVICES

Providing businesses and professional organisations with reliable solutions that support productive offices, employees and day-to-day operations.

MINING & INDUSTRIAL

Supporting mining and industrial organisations with office requirements, technology, corporate clothing, branded products and operational procurement solutions.

EDUCATION

Supplying schools, colleges, universities and training institutions with stationery, furniture, technology, printing and other workplace requirements.

HEALTHCARE

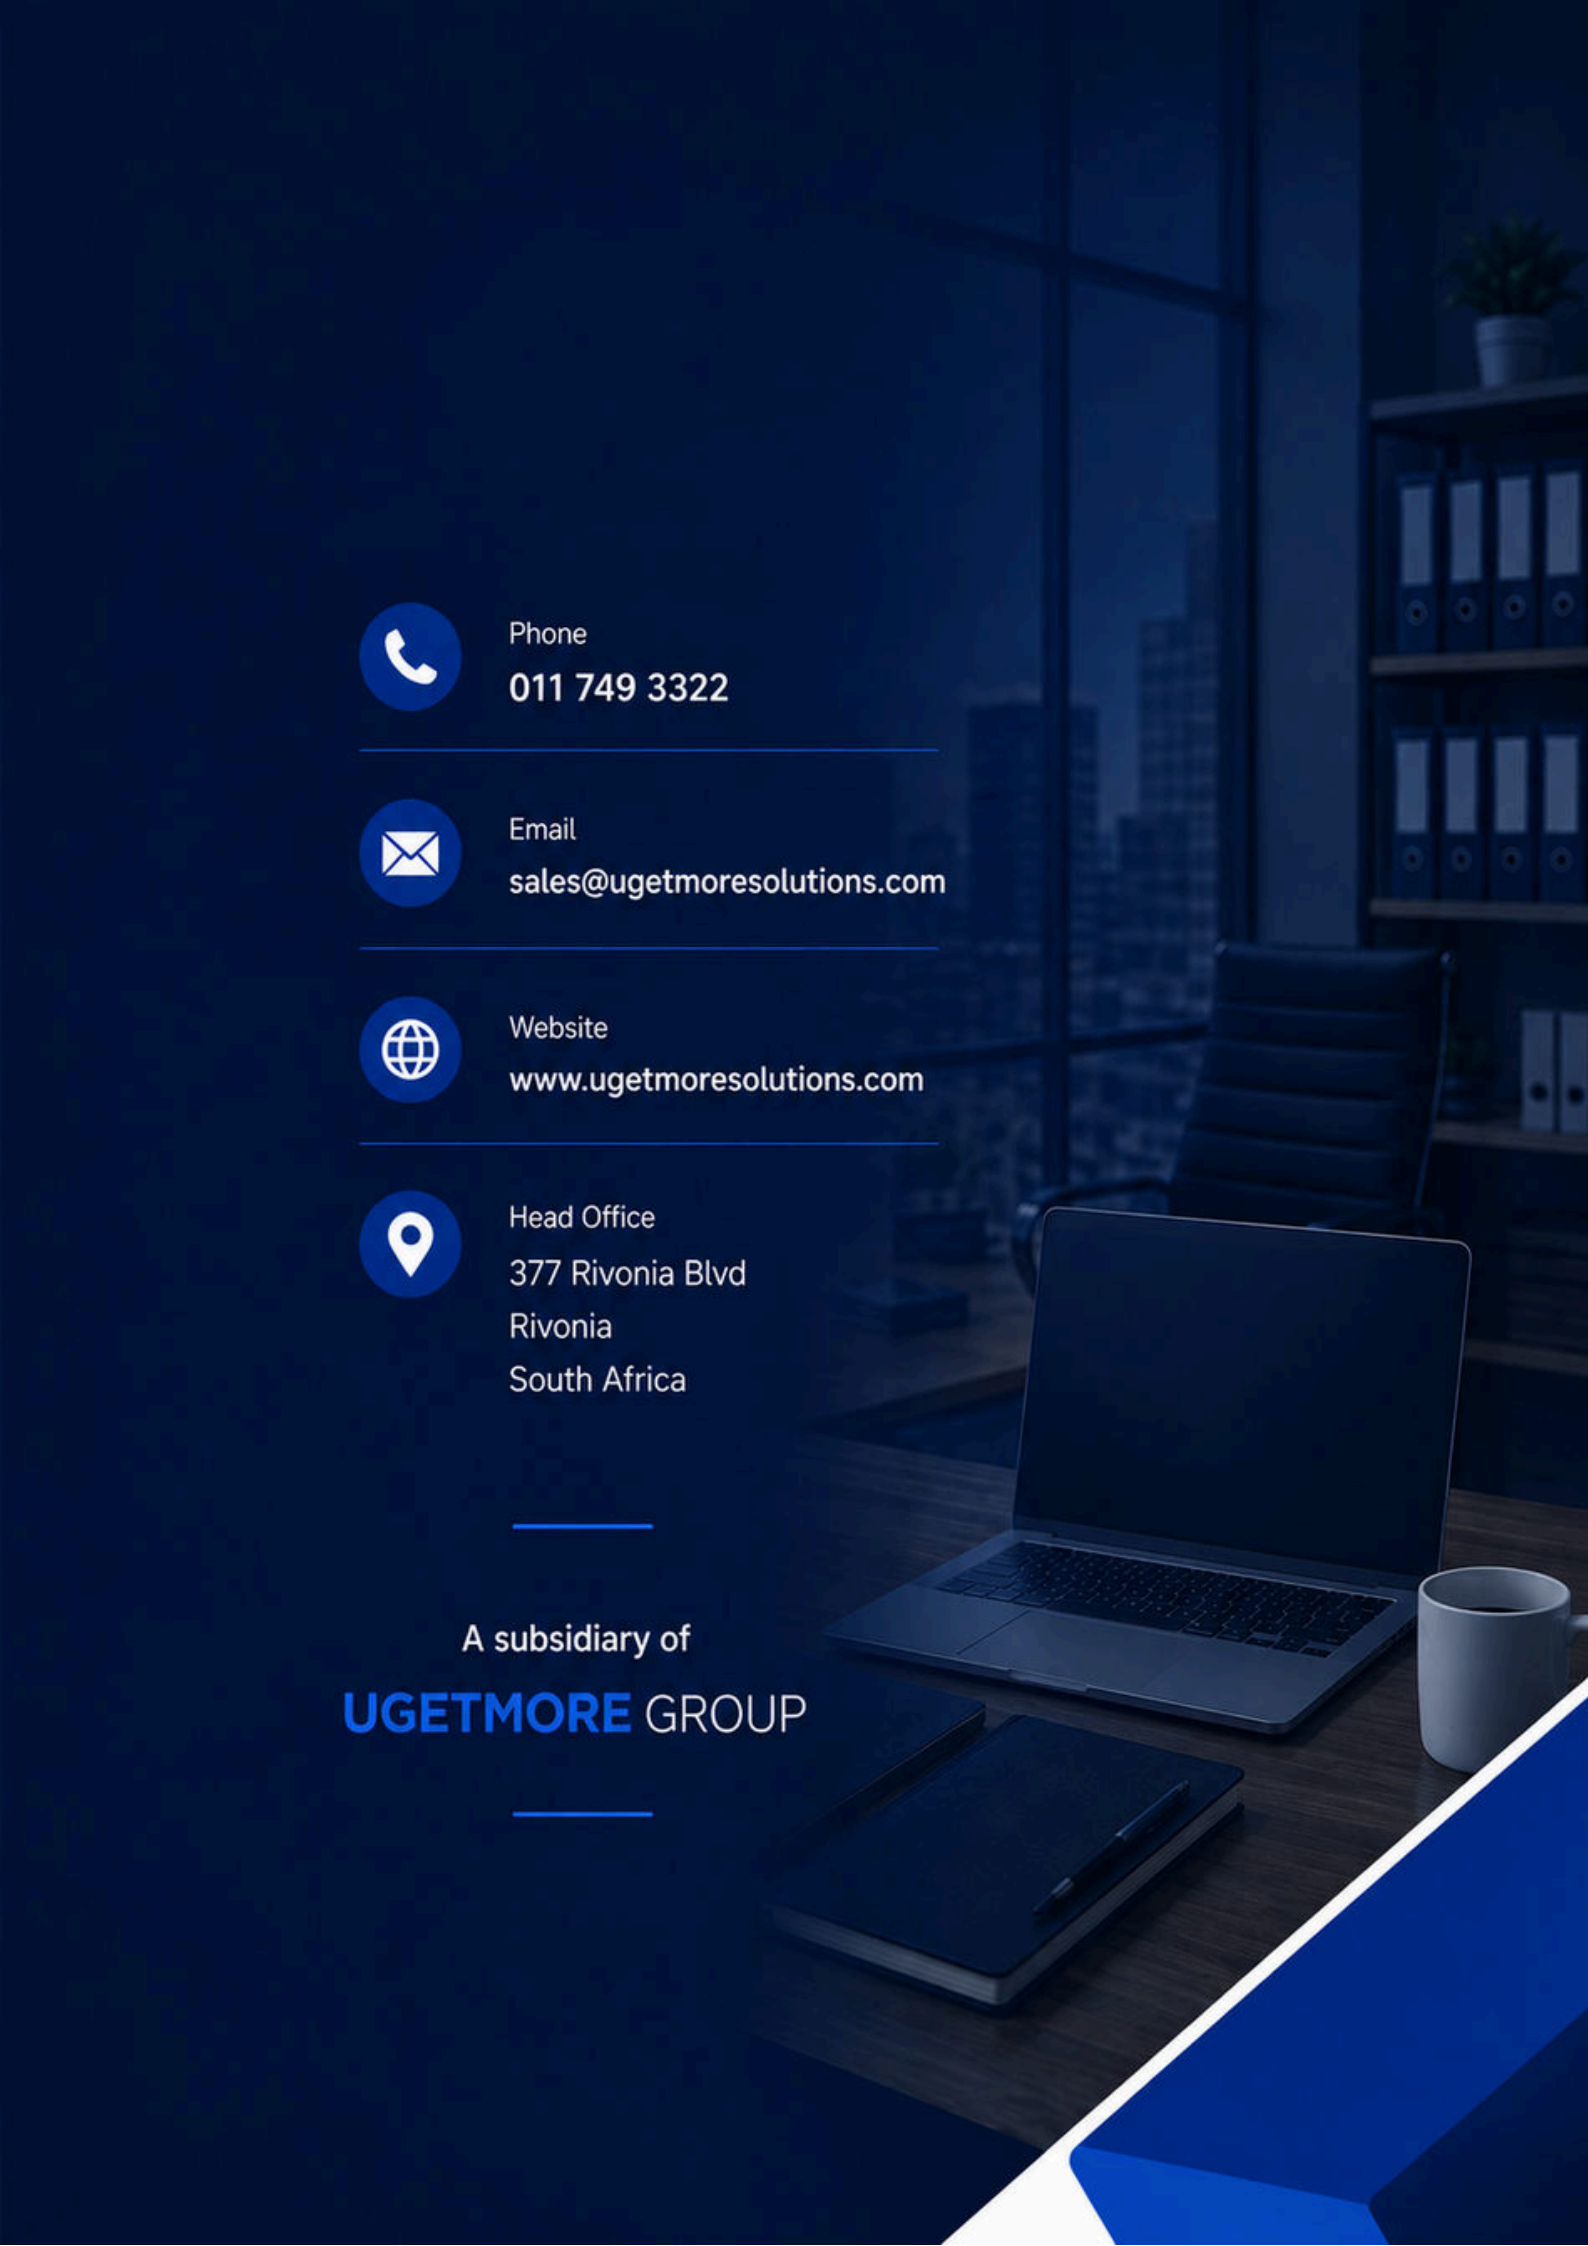

Providing healthcare institutions and related organisations with administrative, office, technology and general workplace solutions.

SMES & NGOS

Offering flexible procurement support to growing businesses, community organisations and non-profit institutions requiring access to multiple product categories through one supplier.

Built Around Your Organisation.

Every organisation has different requirements.
Whether you require one product category or an integrated procurement solution across several categories, our team works to understand your needs and identify an appropriate solution.
